A 2-Day Symposium

January 5th & 6th, 2009 at Desert Research Institute
2215 Raggio pkwy Reno, Nevada

Sponsored BY

U.S. Environmental Protection Agency (EPA)

The Nevada Division of Environmental Protection (NDEP)

And

The Desert Research Institute (DRI)

✚ Day 1- Presentations from various groups & individuals on aquatic biological issues on the Lower Truckee River

✚ Day 2-Introduction to CADDIS
Causal Analysis/Diagnosis Decision Information System - A model addressing aquatic biological stressor identification presented by U.S. EPA's National Center for Environmental Development

- Attendance is FREE, however, pre-registration by December 19 is required as seating and parking is limited. For registration to attend please send an email to:
kvargas@ndep.nv.gov and provide your name, affiliation, contact information and if you will be attending Day 1, 2 or both days.
- Parking at the DRI facility can not be provided due to construction, however, we are in the process of organizing a shuttle service from a central location to the DRI facility before and after the symposium or have parking available within a short walking distance.
- An agenda is in the process of being developed - if you are interested in giving a presentation please contact Karen [775.687.9457].
